

## Technical data sheet

### DMEM/F12 Comfort

w/o L-Glutamine, Hepes

AC-LM-0409	250 ml
AC-LM-0410	500 ml

### Description:

Our DMEM/F12 Comfort offers an advanced nutrient formulation that has been specifically optimized for the cultivation of animal cells. This medium combines the benefits of DMEM and F12 to provide a balanced supply of essential amino acids, vitamins, minerals and other growth factors required for the growth and proliferation of a variety of cell lines.

e.g. suitable for the following cell lines:

- SP2
- Jurkat
- MRC-5
- Vero
- WI-38

### Spezifikation

Form	liquid
Sterility	sterile
Shelf life	12 months
serafree	yes
Storage	+2 to +8 °C
pH	7.0 – 7.4
